**Re: Notices and Acknowledgment of Receipt of Service-Civil + initial court papers (i.e.,
summons, complaint, CMC Notice, etc.), SVOTek vs. Lumicon et al, Case No.
HG16842987**

Dear Mr. Chleborad,

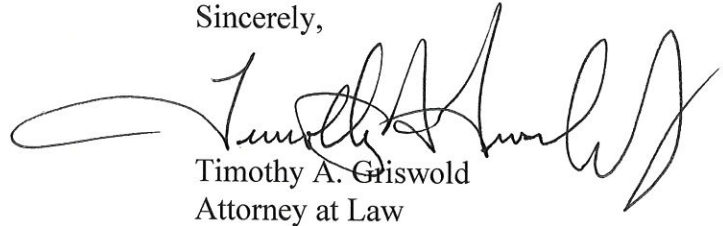

I am an attorney licensed to practice law in the state of California. I represent Silicon Valley Optics Technology Inc. in a recently filed lawsuit against Lumicon International LLC, et al.

It recently came to my attention via Lumicon's website (www.lumicon.com) that Optical Structures, Inc., a company on behalf you serve as registered agent for service of process, has recently acquired Lumicon. As I'm sure you are aware, when a company is acquired, not only is their goodwill acquired, so are their liabilities.

I have also served Deborah Neveux the same Notice and Acknowledgment of Receipt package, as she is still showing up as the registered agent for process for Lumicon International LLC. Due to the fact that Optical Structures Inc. has acquired Lumicon International LLC, it seems likely, however, that she no longer serves in this role. Because of such, I am serving Notices and Acknowledgment of Receipt on you as well.

Please note: if Lumicon must ultimately be served by other means after the 20 days from the service of these Notices and Acknowledgements of Receipt-Civil, you will likely be responsible for any additional expense incurred in doing so. To avoid this, please sign and return these notices in the self-addressed, self-stamped envelope provided within the 20-day required time period.

Sincerely,

A handwritten signature in black ink, appearing to read 'Timothy A. Griswold', written over a printed name and title.
